4. CLOSING

**1. OPENING**

The chairman is happy about the sensitization of the delegates by attending meetings.

He has told them a lot about people (unclear word) Location Committee on Development to meet and offer its blessings. Today's agenda is to elevate our location. He opened the meeting at 12:55pm. He has asked all delegates to be open in their discussions.

## **2. SAADANI FOREST RESERVE UPGRADED TO NATIONAL PARK**

Delegates have been informed of TANAPA's move to upgrade Saadani Wildlife to a National Park. Top leadership at village, location, Division and District level have met in Bagamoyo to be informed of the decision by the Regional Commissioner early in the year. There were also meetings with village government leaders that border the park. Those leaders have been shown the expected boundaries. The Coast Regional Commissioner has made a visit with the aim to establish Saadani National Park.

Before the discussions started, the delegates asked for minutes of Matipwili, Mkange and Saadani be read out.

All the minutes clearly indicate the unanimous agreement in establishing Saadani National Park. The delegates have seen the problem of the Saadani village being small in size to sustain development and habitation. They have proposed that the village be expanded upto Mkwajuni towards the west since that boundary goes towards Malumbi upto the centre of Mkange village and the park, there should be river Mvave towards river Mlingaji leaving out JAVA subvillage, by going towards Mbwebwe, the boundary should be the road from W.W.F boards.

Delegates have continued with deep discussions that in Matipwili village, the boundary should start at the railway line near Tengwe upto River Toangoma through Matipwili road upto the ferry. The delegates have proposed that for the residents who will have farm produce and unmovable property, it is a must that they are COMPENSATED. There should be a BUFFER ZONE area. All the propositions that were agreed upon in the various meetings should be respected and implemented. Among them is building of a secondary school in Saadani, irrigation machine in Matipwili.

Building of Iron sheet houses for those who will be moved, Uvinje and Kisauke subvillages. Availability of essential services within the PARK-e.g firewood, buildings and fisheries, in one voice.

The delegates have agreed, THE PARK SHOULD BE ESTABLISHED IN THE AREAS PROPOSED AND VILLAGES- MVAVE, MKUBWA, MLIGAJI, TENGWE, MTO WA TOANGOMA, FERRY THROUGH THE ROAD. SAADANI TO BE ADDED AN AREA FOR HABITATION.

## **3. ANY OTHER BUSINESS**

There was no any other business

## **4. CLOSING**

The chairman has congratulated the delegates on the way they have discussed the issue of fostering development in the Location. He also congratulated the villages for accepting TANAPA's aim of upgrading Saadani Forest Reserve to a National Park. He has impressed upon the delegates that the resolutions reached are for all of us and not any single person.

He announced closure of the meeting at 3:16pm. He has wished the delegates all the best in their daily undertakings.
